

November 7, 2023

To Whom It May Concern:

Notification of company name change

We would like to inform you that our company will change its name from Bozhon Japan Co., Ltd. to Japan Bopixel Co., Ltd. effective December 1, 2023.

The name change comes as the parent company, Beijing BOPIXEL (established in February 2022), has experienced steady growth, mainly through the sale of 3D measurement units incorporating our company high-end cameras, and the capital relationship between BOPIXEL and Bozhon Precision has been terminated.

We will continue to make efforts to improve our services for all of you in the future, and we sincerely ask for your continued support.

Sincerely,

◆Details of company name change as of December 1, 2023.
